Open Classes of C Programming

Category : Events

Radha Govind Group of Institutions, Meerut in a association with Spoken Tutorial, IIT Mumbai has started classes for C Programming that are open for all branches (Specially for Non-CS Branches). classes of C Programming, started on Saturday, 27 august, 2016 at First Floor, 2 PM.

The classes is being delivered by Mr. Arvind Kumar Assistant Professor, Department of Computer Science & Engineering, Radha Govind Group of Institutions, Meerut.

The C programming language is one of the most popular and widely used programming languages. It is a general-purpose programming language .

Learning the C programming language and its fundamental programming concepts is considered essential for the students. Gain the knowledge to write simple C language applications and undertake future courses that assume some background in
