Convener, ICIRHT-2017

Introduction

ICIRHT(International Conference on Interdisciplinary Research in Humanitarian Technology) welcome participation by individuals and organizations from technical and non-technical backgrounds, including Engineers, Scientists, academics, small business corporations, philanthropist, foundations, and Government and non-governments organizations to participate and discuss latest achievements from all fields of science and technology working on HT. The main goal of the conference is to provide a forum for high quality reports on the state-of-the-art theory, and new innovative ideas from science and technology. The initiative provides a focused and highly interactive forum where both researchers and technologists have the opportunity to present and discuss leading research topics, developments and future directions in HT. The importance of conference is its vision to establish scientific contacts between research teams and scientists from different countries for future joint research collaborations. ICIRHT provides the opportunity to discuss topics with colleagues from different spheres such as academic, industry, instrumentation, and computer manufacturing companies, public and private research institutions and organizations., ICIRHT promotes the development of relationships between all regions of globe. The official conference language is English. All materials concerning the ICIRHT-2017 should be written in English.

About SSGI

Sri Sai Group which had a very humble start in the field of higher and technical education in the year 1996 has become a force reckon with now with mega campuses in Punjab at Pathankot & Amritsar and Sri Sai University, Palampur, Himachal Pradesh. SSCET, one of the premier technical institutes in north India, aims at building engineers for emerging technologies to cater to the need of the industry globally. It was established in the year 2002 with the pious motive of providing technical education in the most backward Dhar block of Punjab. With the help of innovative methods of teaching the students are shaped up into professional ready to fit in the best of industries in the country and abroad. Highly qualified faculty, well equipped labs and well designed classrooms help make learning a pleasure. We are proud of the students who are already working with companies like Infosys, TCS and Wipro to name a few of the companies visiting our college regularly for placements. Apart from providing routine teaching, SSCET offers a lot of opportunities of for overall development and personality of its students. Personality development programs, Sessions on communication skills and extra co-curricular activities are some of the regular feature in the campus. SSCET offers graduate and post-graduate (B.Tech&M.Tech) courses in CSE, ME, CE, EC, EE and IT.

About tourist places

Sri Sai College of Engineering & Technology, Badhani (Pathankot), it is ideally located at Dalhousie Road, Pathankot having awesome view of Dhauladar range of mountains, which is also nearby Himchal Pradesh & J & K states.

Pathankot is well connected by rail and road with the rest of the country. It has direct train links with Delhi, Jammu and other Indian cities. All trains going to Jammu pass through Pathankot Cantt Station. The important trains include Rajdhani, Swaraj Express, Pooja Express, Shri Shakti Express, Andaman Express.

Apart from Pathankot Itself, there are 4 Major places are in surrounding:

Jammu &Katra (Mata Vashnodevi Temple): Jammu is 110 KM from Pathankot and Katra is 150KM.

Amritsar: it is again 110 KM from Pathankot, and it also a nearest airport to Pathankot, and in June Pathankot airport also be in use under the Prime Minister UDAN yojna.

Dalhousie-Khajiar: its nearest and famous hill station to College campus which is 60KM only.

Dharamshala-Mcleudganj: its again a famous hill station of himachal Pradesh which is famous for Tibbatian culture and famous cricket stadium which is 100 KM away from campus.

4 famous Shakti-peeth (Chmunda-devi, Jwala-davi, Nagarkot-wali-devi, Chitpurni-devi) are also within 100-120 KM area.

ICIRHT-2017

International Conference On Interdisciplinary Research In Humanitarian Technology

(25-26 August, 2017)

Menu

It is moment of pride that Sri Sai College of Engineering & Technology, Badhani, Pathankot(Punjab) India, is going to organize two days International Conference On Interdisciplinary Research In Humanitarian Technology(ICIRHT-2017) on 25-26 August, 2017. The college had successfully organized a one national conference on Interdisciplinary Research in Science Technology & Management in December, 2016. This upcoming conference ICIRHT-2017 has its basic inquisitive research ideas emanating from the earlier conference in which it was felt to discuss and exchange scholarly innovative ideas from around the globe, focusing on the humanitarian angle. The theme of Conference is "Science & Technology used for the Benefit of Humanity" and it includes 7 major areas: Agriculture, Deployment, Disaster Management, Education, Energy, Humanitarian Challenges and Opportunities, Information Communication and Technology(All Engg Disciplines).

We are pleased to announce that all accepted and registered papers in ICIRHT' 2017 will be published in Scopus/Thomson Reuters Indexed Journals, based on the Author's choice (Scopus/Thomson Reuters Indexed) and paper acceptance by concern Journal.

How to submit your manuscript?

Authors shall submit their full manuscripts to info@icirht.com or upload online through **Authors-->Submit Paper** section of the website.
