

The University Of Rajasthan has collaborated with **Spoken Tutorial Programme, IIT Bombay** in association with Ministry of Human Resource Development (MHRD). It is a part of National Mission on Education Information & Communication Technology (ICT) for students and faculty members. The Spoken Tutorial Programme, IIT Bombay provides knowledge of FOSS (Free and Open Source Software) which will enhance the IT skills and building innovative young talents. The courses are Linux-Ubuntu, C, C++, Java, Netbeans & Python, Scilab, PHP, Mysql, Calc, Python, Latex etc. The university has included Spoken Tutorial as MOOCs for practical courses, wherever possible.

The Center for Converging Technologies of University has incorporated these self study courses in relevant lab time to provide excellent benefits to students through range of IT Skills Training, Programming Software and Job Oriented Software Training.
