Dear Faculty members,

Good to know that in this crucial time we have planned for Faculty Development Program for CSE and i-nurture staff through IIT Bombay (Spoken Tutorial)

As discussed, this is totally free of cost. We have decided to go for R programming or LaTeX workshop.

This can be done under 2-weeks FDP remotely. Once the university will be re-open the test will be scheduled .

You can see the tutorials for the workshops after click on this link.

Do call or mail me for any query or doubt.
