About Us:

An Engineering college established in 1983, Pune Institute of Computer Technology (PICT) has been one of the leading institutes in information Technology education and research. PICT is focused on creating versatile engineers who can apply their knowledge and skills anywhere in the world. The college is well known as a reputed institute for UG & PG programmers in Computer Engineering, Information Technology & Electronic & Telecommunication Engineering.

The department of Information Technology imparts students the knowledge to understand and engage with the technological society in which they live and the skills that will lead to successful careers. A team of 27 teaching and 12 technical staff members under the leadership of **Dr. A. M. Bagade** unanimously harnesses its potential in all aspects to take the department to greater heights. The department offers separate computing facilities.
