Dear Non-teaching staff-members,

All India Shri Shivaji Memorial Society's Institute of Information Technology (AISSMS IOIT), Pune is inviting you to an Online Program on **'INKSCAPE' (इंकस्केप)** in association with Spoken Tutorial, IIT Bombay from 4th May - 8th May 2020

Through this program, the interested candidates will be introduced to the Graphics art and design software application for the editing and creation of original images, icons, graphical elements of web pages and art for user interface elements. Useful for all graphic related work. Open source equivalent of Corel Draw and Illustrator. Useful for those who wish to learn desktop publishing work - **creating banners, posters, brochures, CD cover image, artwork for textiles, etc.**

Candidates can access the FDP material through English or Marathi

Prof. Chetan Aher

Originally written by Dries Buytaert (who still continues to lead the Drupal project), Drupal turned open-source in 2001 and since then has blossomed into a powerful and friendly content organizer with the contribution of countless developers world-wide to the Drupal core itself, as well as various add-on extensions to Drupal (in the form of modules, themes, language kits and documentation etc).
