To,

Ms. Trupti More,  
Project Manager, Spoken Tutorial Project  
TCS Lab, Opposite Estate Office Stores, Behind CAD Centre,  
Indian Institute of Technology Bombay,  
Powai, Mumbai- 400 076, Maharashtra, INDIA.

Dear Madam,

We are really pleased to inform you that the journey of Spoken Tutorial Workshop Started on 2012 through a workshop on Linux arranged by some of our students. But on 2013 after getting the offer from IITM to become a RESOURCE Center we got the confirmation letter on 22<sup>nd</sup> March 2013 duly signed by Mrs. Payel Mukherjee, Project Mgr, S-T Workshop, IITM. We started to work as a team with some of our students for spreading IT literacy at our college as well as Durgapur region. Various modules of the Spoken Tutorial Program have helped our Students & others to add some extra bits in their career & life ahead.

The whole journey was not smooth like knife in butter. Sometimes we failed, sometimes we succeed, but after all these days of our journey we have always got your helping hand whenever needed. Even nowadays we are going through a rough patch for some reasons in our college, but I have already identified the next batch of coordinators (both Faculty & Students), who will work with us to extend this beautiful journey.

Immediately after Puja vacation our new team will gear up & start their work, in the meantime we are chalk out the plan for the future. Within few days I will introduce you to them through Skype or other media as well as inform you the plan we will sketch.

Thanks for all your support. Hoping for a better tomorrow with more IT literate peoples in India.

Yours sincerely,

*Sujoy Bhowmick*
