Collaboration of Kaziranga University (KU), Jorhat

with

Spoken Tutorial (ST) - IIT Bombay, NMEICT, MHRD, Govt. of India -

as Knowledge Partner

About Spoken Tutorial :

As Knowledge partner with the *Kaziranga University,* Spoken tutorial is offering free software training to teachers and students to all the Schools / Departments of the university. It is an audio-video method to learn Software, developed by IIT Bombay. These are Skills development courses to improve Academic performance of the students. The innovative technique is for self learning (no expert needed) in distance education mode (no need to leave campus). It is an National Mission on Education through ICT (NMEICT / Sakshat), MHRD, Govt. of India funded project of National Importance so the courses, training, day to day guidance and certificates are all completely FREE of COST for life. **The training is on campus and can be accommodated in computer Lab hours easily.**

Purpose of Collaboration :

The reason to approach *Kaziranga University* is because it is a prestigious institute and can become a shining example in not just Jorhat but in Assam to introduce ICT enabled IT training to all students, Skill Development needs. **IT/ Software knowledge and competence will also impact the field of science and technology with the new innovative methods of teaching and learning.** As **Knowledge Partner,** ST will help to implement the training program smoothly so that IT/ Software training reaches quickly and systematically to the various schools and its departments under **Kaziranga University.**
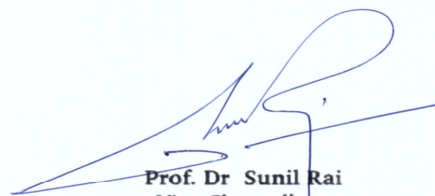

Proposed Agendas

Kaziranga University Objectives	Joint Activities - ST team and Kaziranga University
To create successful avenues.	Kaziranga University will oversee the spread of Spoken Tutorial Software training in all the University schools and its departments. Will offer our niche courses offerings to all the Dept. (See the Course suggestion Table below for the suitable course recommendation) also nominate one Faculty Co-ordinator from each department to start the training.
To emphasize on making students equipped with skills for successful employability after graduation from the university.	Deploy lucrative ST based IT courses training in the Institute and curriculum. Animation pkgs.,General IT Skills, Multimedia software, Programming languages etc.

Schools	Courses/ Software suggestions
School of Social Sciences	General IT Courses (Linux-Ubuntu, LibreOffice, Firefox, Tux Typing)
School of Business	General IT Courses (Linux-Ubuntu, LibreOffice, Firefox, Tux Typing)
