Subject : Spoken Tutorial Project, IIT Bombay Proposal for Open Source Software Training in Educational Bodies of Maharashtra State

We are happy to announce IIT Bombay Spoken Tutorial program for Government of Maharashtra. We are providing opportunity to conduct Software Training Program to all the Educational bodies in the state.

The Spoken Tutorial activity is funded by the National Mission on Education through ICT, MHRD, Government of India, and run out of IIT Bombay.

We at Spoken Tutorial Project, IIT Bombay provide Software training Program on Free and Open Source Softwares. With over 8 Lakhs participants trained in last four years (Educational Institutes) out of which 1 Lakh are from Maharashtra state.

With international recognition from Google we are the best Open Source Knowledge providers available in the country. That too FREE of cost.

Advantage to Students :

1. Learning new technology will help them to advance their IT skill.
2. Availability of the courses in Native Language will make sure students learn the software in ease without impacting the quality.
3. Many courses are part of syllabus which will help students to learn the technology along with the curriculum.
4. Learning the course in self mode will help student to master the technology on his own and built confidence.
5. Use of Open Source Software will encourage them to deploy the knowledge in more research and development in the repective field.
6. Certificate from Spoken Tutorial Project, IIT Bombay MHRD Govt. India will save their time and money invested in private tutors.

IIT Bombay

Committed to all
Kare

09.07.15
2017

Advantage to College/University :

1. Use of ICT tools in Education will improve the Education techniques in the system.
2. Providing quality education in IT with courses as part of Syllabus will enhance the grades of students.
3. Professors will be able to guide and train students in more effective way.
4. Lack of quality teaching can be overcome by the Spoken Tutorial technology.
5. Use Open Source softwares will save lot of revenue on purchasing of Proprietary Softwares.
6. With Government trying to implement CBCS system these courses could be very well offered in it.
7. University will be benefited with collaboration with IIT Bombay.

Implementation Plan for Universities:

1. To assign a "Chief Co-Ordinator" (Faculty from Computer or IT Department or person from the VC office, who will work with Spoken Tutorial team of IIT Bombay).
2. The Chief Co-Ordinator will -
 - Help to organise the awareness event about the Spoken Tutorial Project in University.
 - Principal/Dean from each college will be called in for the awareness event.
 - The awareness event should be conducted within the first month of new semester it can be conducted before August 2015 or else any time between December 2015 to January 2016.
3. All the affiliated colleges as well as interested university departments will be encouraged to introduce the Spoken Tutorial training workshops in their respective colleges, via circular, notification etc., from the VC's office every semester.
4. Many courses from Spoken Tutorial Project are part of lab course for the University syllabus, these courses can be recommended as E Learning Material from University.

Krapnik

Implementation for DHE/DTE and DVET Maharashtra :

1. Director should notify the Regional Directors to take up Spoken Tutorial facility via circular every semester.
2. One nominated Coordinator from each Regional Directorate will take up Spoken Tutorial training program implementation in their respective region educational institutes.
3. Coordinators from Regional Directorate to do the monitoring process from their office with the help of notifications and circulars and submit the final report from their office to Directorate.
4. Regional Directorate to ask Principal of the institute to start with the Project closely interact with Spoken Tutorial, IIT Bombay team .

Spoken Tutorial Project Contact Information :

Mrs. Vidya Kadam, 91-8108536102, stmaharashtra@gmail.com

N.B : Universities and other Educational bodies have to submit the report to Principal Secretary Higher and Technical Education office by March 31st 2016.

We at Spoken Tutorial would request you to promote Spoken Tutorial Project in all the Educational Department and Bodies of Maharashtra State. We would be happy to provide all the assistance to State Government so that every child is benefited from this project.

As a next step towards promoting project a official note can be forwarded to concern Government, Central and Deemed Universities, MSBTE, DTE and DET offices to get in touch with Spoken Tutorial team and get the Project implemented as soon as possible .

With increase in the use of Open Source Technology in state we can make a lot difference by saving huge money spent on proprietary softwares.

Thanks and Regards,
