

**Apps on Physics Spoken Tutorials- Assignments
Funded by the MHRD Government of India.**

Assignment 1

1. Reverse the current flow and determine the magnetic field.

Assignment 2

1. Reverse the current flow.
2. Determine the direction of Lorentz force using Fleming's left hand rule.

Assignment 3

1. Change the rotations per minute to 0, 3.0, 6.0 and 9.0.
2. Note the changes in the movement of the coil and graph.
3. Explain the reason for the changes.
