Statistics- Assignments

#### Assignment-1

Refer to the file football.txt, that is available in the code files link of this tutorial. Download and save the file in the present working directory.

1. Find the total goals for each player.
2. Find the mean of home and goals away.
3. Find the standard deviation of home and goals away .

#### Assignment-2

1. Given a two dimensional list as, `two_dimensional_list=[[3,5,8,2,1],[4,3,6,2,1]]`  
How do you calculate the mean of each row?
2. Calculate the median of the given list.  
`student_marks=[74,78,56,87,91,82]`
3. There is a file with 6 columns. But we want to load text only from columns 2, 3, 4, 5.  
How do we specify that?
